Item No. 16 was a Resolution Approving Update of Landfill Fee Schedule. Mr. Hollowell stated the landfill operates from fees generated for services provided. The various fees charged for these services have remained low for many years with some of the fees being revised in 2008. Due to increases in the cost of operating the landfill, the need to construct a new MSW cell, increased costs due to shipping of MSW from our transfer station while we wait for the State to approve environmental permits, increases in State permitting fees, and new legislation requiring the landfill to remit \$2 per ton for each ton of debris deposited in the landfill (Solid Waste Tax), it has become necessary to update the schedule of fees charged by the landfill. Municipal Engineering Company has evaluated current landfill fees and has made recommendations to administration for updates to the fee schedule as follows:

	<u>Current Fee</u>	<u>Proposed Fee</u>
MSW tipping fee per ton	\$39	\$44
C&D tipping fee per ton	\$34	\$39
LCID tipping fee per ton	\$19	\$24
Asbestos tipping fee per ton	\$60	\$60 (no change)
Household fees per year	\$60	\$84

Approval of this resolution will allow the landfill to continue to operate and grow in an efficient and responsible manner. The existing MSW landfill cell was constructed in 2003 with a five (5) year life expectancy. This cell lasted approximately seven (7) years and is now basically full. Construction of a new cell will cost in excess of \$3 million and will take approximately one (1) year after the necessary permits are issued by the State; therefore, the county will need to continue to contract the hauling of our MSW with a private carrier. Upon a motion by Mr. Davis and a second by Ms. Brown, Item No. 16 was unanimously approved.

Item No. 17 was a Resolution Approving Acceptance and Execution of Contract for Independent Personnel Consulting Services: Johnson Professional Consulting Services (Johnson PCI). Mr. Hollowell stated Johnson PCI is a full-service personnel consulting firm with a vast knowledge of State and local government personnel laws, policies and issues. With the guidance of Johnson PCI, the County will be able to update its personnel policy manual, update job descriptions, provide necessary training to supervisors, and receive advice on disciplinary and complicated employee termination issues.
